

V-Tubular

Features:

1. One-Piece-Bended frames

The main frame of Flat Strap is made of one-piece-bended durable aluminium alloy. The smooth curve of the frame makes it look simple and elegant.

2. Long Life Span

The design of the curved frames has reduced PVC connectors and exposed parts. This is to strengthen the structure and increase the intensity.

3. Aerodynamic design (Patented)

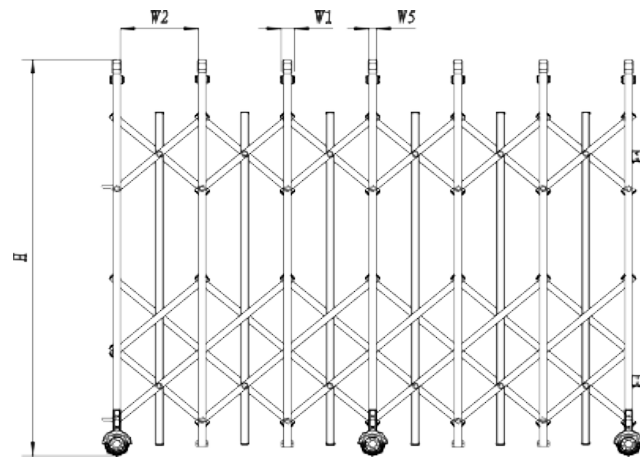

Ensures high wind resistant. Flat Strap is suitable for outdoor & indoor.

4. Inter-locking Connections System

Lock into place at desired locations, connect multiples sections, and lock with universal key.

Specifications:

- 1.Length: 2m long expanded, 0.46m collapsed sections
- 2.Height: 1.5m / 1.8m
- 3.Width: 0.62m at base
- 4.Weight: 33 kg
- 5.Material: Industrial-Grade Aluminium Alloy (6063-T5)
- 6.Color: as per request
